

Subject: Recommendation for V R Soorya

To whom it may concern,

It is my pleasure to recommend V R Soorya for the NUS Overseas Colleges program. I have known Soorya for 3 months during which time she worked as an intern at AI Singapore in my department.

I have been impressed with Soorya's character and enthusiasm during the time that she has worked in the office.

Soorya is both very bright and motivated. She is very spontaneous and takes initiative in her work. I am confident that she will devote herself to her role in your organization with a high degree of diligence. Soorya has demonstrated the ability to work independently as well as in teams to achieve a common objective.

Soorya is a great learner who is willing to take risks and learn from mistakes. She joined us with only basic knowledge of machine learning but picked up Natural Language Processing in her short time with us. She also diligently attended the AI Summer School that was organized by the company to learn more about AI, its applications and areas of future development.

I recommend Soorya without reservation. I am confident that she will establish productive relationships with your staff and constituents. Please let me know if you have need for additional information about this outstanding young woman.

Sincerely,

Dr Ma Su Su
